

Transform workplace wellness with Doctor Care Anywhere

Empower your workforce with accessible
healthcare - boost productivity & elevate morale!

Invest in Your Team's Health, Invest in Your Business

Your colleagues are struggling to access the healthcare they need, when they need it, which unfortunately has a knock-on effect on your organisation.

Trusted by over 1,000 companies for maintaining the health of their employees and businesses, Doctor Care Anywhere excels by offering tailored complete wellness solutions to meet business goals and objectives, prioritising customised healthcare solutions over a 'one size fits all' approach.

55%

Sickness absence rate has risen by 55% since 2019

One in 20 patients

wait at least 4 weeks to see a GP*

* NHS figures Nov 2023

Why choose Doctor Care Anywhere?

Fraction of the cost of PMI

A cost-effective solution

An economical way to provide accessible healthcare and look after the health of your workforce.

Reduce sickness related absence

On-demand access to healthcare

With appointments available 24/7, your colleagues will be able to fit appointments around their work and lifestyle commitments and get the healthcare they need sooner.

Complete workplace wellbeing

360° wellness solution.

From 24/7 GP access and expert physiotherapy to dedicated mental health support and health assessments, our services can be customised to meet the unique needs of your company.

Boost employee productivity

Build colleague satisfaction

When your colleagues are feeling happy and healthy, they will be their best in the workplace.

Our network of healthcare professionals are on hand whenever they're needed.

Advanced Clinical Practitioners –
your employees get the choice, control and convenience.

Our team of Advanced Clinical Practitioners (ACPs) are all highly qualified healthcare professionals and can help with a wide variety of health concerns and are the 'go-to' for minor ailments or a flare up of illness. Appointments are available 8am to 8pm, Monday to Sunday – including public holidays.

A GP appointment – *without the wait.*

Your colleagues can choose the doctor they would like to speak with by video, or phone, at a time that suits them. They can select a GP by specialism or gender and all the doctors are NHS trained and GMC registered. Appointments are available 24/7, 365 days a year – including bank holidays.

Mental Health Practitioner – *support your employees wellbeing.*

Your colleagues can book a confidential appointment with a registered mental health practitioner by video or phone at a time that suits them. Whether they need guidance, support, or a listening ear, our practitioners are experienced in helping with a range of mental health concerns.

First Contact Physiotherapists – *fast track their recovery.*

If your colleagues are dealing with aches, pains, or injuries, they can book a virtual appointment with a First Contact Physiotherapist. Our specialists provide expert assessment, tailored advice, and treatment plans to help with recovery—all without needing to see a GP first.

2 hours

Doctor Care
Anywhere patients
can see a clinician in
under 2 hours.

What can our clinicians do?

- ✓ Assess conditions.
- ✓ Diagnose and treat symptoms, including issuing prescriptions.

JTI UK has been working with Doctor Care Anywhere since 2019. The virtual GP service forms part of our wider benefits package and is a highly utilised and important benefit in our health and wellbeing space.

The flexibility and ease of booking appointments with Doctor Care Anywhere versus a more traditional NHS setting, means that our employees can receive timely advice and support. This is beneficial not only for our employee's wellbeing, but also enables them to return to work fit and healthy, more quickly. The rates we receive are competitive and the service is so important to our business and our wellbeing strategy.

HR Business partner

Why partner with us?

Customer Success Manager

You'll be assigned a dedicated Customer Success Manager who will be available to support you throughout the onboarding process. They will strategically collaborate with your organisation to increase utilisation as well as provide you with regular insights, reporting and analysis.

HR toolkit

We'll provide you with a launch toolkit to support you and your employees through the onboarding process. Our range of content from our clinicians around different health concerns will also be available to view on demand.

Marketing support

We support our partners from launch and offer continued engagement. We provide marketing collateral, custom content, videos, clinical advice and expertise, as well as a regular engagement series to keep your colleagues engaged and in-tune with their health.

For every part of your
employee's health - there's
Doctor Care Anywhere
